Independent Examination Board Fees for Grade 12 IEB (7 subjects):

In addition to the standard fee structure, Grade 12 students following the IEB curriculum with 7 subjects are required to make an extra payment. This fee must be settled by the 28th of February to ensure the matriculant's registration for the upcoming exams. Failure to meet this deadline will result in the inability to register the student for the exams.

Benchmark Testing Partnership with IEB and Australian Council for Educational Research:

The IEB has entered into a collaborative arrangement with the Australian Council for Educational Research, incorporating the International Benchmark Tests (IBTs). These assessments encompass English, Mathematics, and Science for Grades 3 to 8, and English and Mathematics for Grade 9 and Grade 10. Grade 11 students undertake IeBT Benchmarking tests. The costs associated with these assessments are separate from the standard fees and will be determined per subject.

Compulsory Grade 9 Aptitude Tests:

The costs of the Grade 9 Aptitude Tests encompass all necessary assessment materials, a comprehensive 6-hour group assessment conducted by capable and qualified healthcare professionals, scoring, data compilation, and report generation. The resulting report includes a comprehensive overview of assessment outcomes, along with personalized recommendations for career paths and subject selections. The cost structure, however, does not incorporate

individualized feedback. Students enrolled for subject choice assessments are required to complete a pre-assessment questionnaire and provide their most recent academic report. Legal parents or guardians must complete and sign a consent form on behalf of their child. Reports will be fully compiled and shared with both the student and guardian within 30 days of completing the assessment.

Exclusions from School Fees:

It's important to note that expenses related to outings and educational visits are not covered within the standard School Fees. These costs are the responsibility of students and their families.
